

ESTATE PLANNING WORKSHEET

Single Individuals

Attached is an estate planning worksheet that includes some personal financial questions. All information provided on this form will be held in complete confidence. I will use it for the sole purpose of analyzing your estate planning needs and developing your estate plan. I suggest that you complete this worksheet prior to your initial appointment with me. If I review the completed worksheet before your appointment, we can focus our time together on your estate planning goals and not your financial details.

During the initial meeting we will:

- **Determine your specific estate planning needs and goals;**
- **Analyze the potential cost of probate and taxes based on your current plan; and**
- **Discuss methods of reducing costs and accomplishing your goals.**

I will provide an exact quote on fees for your estate plan after our initial meeting.

2. **TESTAMENTARY TRUSTEE.** You may need a trustee to manage assets for beneficiaries until they reach an age when you believe they will be capable of managing assets on their own. A trustee can keep beneficiaries' money invested wisely and use it for their education, support, etc., until they reach the age specified for outright distribution of assets to them. The trustee can be a relative, friend, trust company, or other person or institution you trust to manage and distribute assets according to your wishes. The testamentary trustee can be the same person named as the guardian, or can be a different person or an institution.
TESTAMENTARY TRUSTEE: _____
ALTERNATE: _____

3. **AGE OF DISTRIBUTION.** If you appoint a trustee to manage assets for beneficiaries, then you need to decide when the beneficiaries will be mature enough to manage assets on their own. The most common age picked by my clients seems to be 25, but you should pick an age with which you are comfortable. You may use any age or combination of ages that you choose.
